

Vostro V13 battery cable release clip broken

Posted by admin - 30 Jun 2012 18:00

Hi all,

My battery cable release clip for my Vostro v13 broke off and I can't see to find a replacement part online. The part is on step 5 of support.dell.com/support/edocs/systems/v...en/sm/TD_Battery.htm

Does anyone got any advice or a place where I can buy it?

Thanks,

=====
